

Another year has passed, I hope it's been a good one. Life has been derailed for many as of late, but right now I have no doubt you are looking ahead to the big steps to come in your life such as college. I can not think of anyone better suited to take those next steps, given the current pandemic, with your overwhelmingly welcoming & friendly presence you make yourself a desirable addition to any group or circle you find yourself in going forward. You define what it means to be a loyal and kind friend to those around you; undeniably my last year at Cathedral City H.S was made all the better because of friends like yourself. Being unapologetically passionate about your interest is fantastic & is a bit of sincerity that will serve you well. Truly you are someone I can not speak highly enough of, even if you may miss a few zeros. Always proud to call you a friend, congrats on U.C.R; it's a testament to your dedication as a student. I speak for everyone when I say enjoy college, you're going to kill it.

Your Friend,

Jean-Pierre Reiners
